Dear Patrick

Re: The Community Partnership Marshalls re-Village Firework Display Saturday 17 October 2009.

On behalf of the B.S.R.A. please could you pass on our very grateful thanks to all the volunteers who acted so bravely! as stewards on Saturday night with marshalling the road closures. There is obviously a great deal that we have learnt from this experience but our mandate from the traffic control people was only to prevent unauthorised vehicles gaining access to roads officially closed, and not to have to direct traffic on the roads. If any of your members were verbally abused or upset by the experience I can only apologise and again thank everyone for their great effort.

We believe that some 4 - 5,000 people attended the event which was a hugely successful evening for the village.

Yours sincerely

Jim Burroughs
